THE Commercial Tribune says it's singular that WILLIE JENNINGS doesn't say a word about the hideous treachery of Mexico in climbing onto the gold band wagon.

It looks very much like France was helping the brutal Russians in their efforts to rob little Japan; and it remains to be seen whether England will permit the frog-eaters to continue their course.

A PRIVATE dispatch from Saigon states that Vice-Admiral ROJESTVENSKY is suffering from dysentery. And so his Russians Nibs cut loose even before sighting Togo. After the Jap Commander gives him a few rounds a complete evacuation may be expected.

OVERZEALOUSNESS to secure convictions and prejudice against all accused persons on the part of the Police Officers and Prosecuting Attorneys has been declared responsible for the hangings of many innocent persons by Judge HENRY V. FREEMAN of the First Appellate Court in a lecture to University of Chicago law students. Judge FREEMAN spoke on "Legal Ethics." "In many cases," said the Judge, "facts in favor of the accused are purposely and wrongfully withheld by lawyers and police in their efforts to secure convictions, regardless of justice." Of course, the learned Judge had no reference to the Caleb Powers trials at Georgetown.

THE eight-hour-law is to be rigidly enforced in the Cincinnati Postoffice. This will necessitate cutting off a part of the delivery service, as the Carriers are positively prohibited from working more than eight hours. Those who are thus deprived of their mail may thank the Walking Delegates who bulldozed a cowardly Congress into passing the law.

OTHER day \$50,000,000 in bonds were placed in New York for the completion of the Western Pacific Railway between Salt Lake City and San Francisco. Of course, it wasn't necessary to have a "combination" of capitalists to put up such an insignificant sum; Colonel ANDY CRAIG or Major MIKE CROW could have done it without even feeling dry.

SAME HERE, ROBERT!

Winchester Sun-Sentinel.

This paper has twelve hundred subscribers in Clark county. It also has a large circulation in other tobacco growing sections. There are probable five thousand readers that are interested, directly or indirectly, in tobacco. We call them all to witness that we have never deceived them in any way. We have exposed impractical schemes when we believed it to be our duty and the interest of our patrons to do so. We have also encouraged everything that we thought would be for the interest of the tobacco growers.

The conditions are favorable for continued good prices unless the market is overstocked. It is an immutable law of trade that supply and demand regulates prices. If more tobacco is raised this year than the market requires prices will be low.

There was an over-production of cotton last year and prices went below the cost of production. The same will be true of tobacco if there is an excessive crop. If our tobacco growing friends will quit listening to demagogues and theorists, see that the supply is not greater than the demand, and organize on business principles. There is no reason why the present year shall not be one of the best in our history. An organization that will curtail the acreage is of vastly more importance at the present time than one that will attempt to control the crop after it is raised.

A FOOLISH PLAN

"It's a joy to eat—I welcome my dinner hour: Because I root indigestion with August Flower!"
Constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself.
"I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course."
What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills.
August Flower gives new life to the liver and insures healthy stools.
Two sizes, 25c and 75c. All druggists.

The horse that there is the most money in for the farmer to raise is the one that matures the youngest and is ready sale without a heavy outlay and that brings the most money in the shortest time we must acknowledge is the great Percheron family which is admitted by all to be the peer of all heavy stock.

For real dirty washing—kitchen sinks, pots, kettles, greasy overalls and the like—there is no soap quite equal to EASY TASK. Beats the sticky, disagreeable, ill-smelling yellow soaps all hollow, as any house keeper who has used it will tell you. And it costs no more, 5c at all grocers.

PERCHERON STALLION.

The Mason County Percheron Horse Association has purchased the magnificent Black Percheron Stallion "Saladin," No. 81106. This grand specimen of the family will make the season at M. Deaton & Bro's Stables in Maysville, Ky. All lovers of fine stock are invited to call and inspect him.

The Hospital

Thankful are They Who Escape The Surgeon's Knife

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and womb. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains around my womb which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every city and town in the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.
